SAMI AL ALOOSI

Full Stack Software Developer

📞 (253)243-4106　　　@ alaloosi.sami@gmail.com　　　🔗 https://sami-alaloosi.netlify.app/

📍 Seattle,Wa

PROJECTS

Neat Code

📅 2021

🔗 https://angry-montalcini-a182f3.netlify.app/

full-stack project

- Built React/Redux application to provides software engineering students with pre-selected questions that are specifically chosen to maximize pattern recognition and help with acing the coding interview.

Apple vitamins

📅 2021

full-stack project

- Built JavaScript vitamin shop application.
- Built backend that serves JSON data to be consumed by the frontend.

Reddit Clone

📅 2020

🔗 https://github.com/sami-alaloosi/backend

Reddit Clone Backend - Developed at Lambda School

- Built Node.js, Express, and MYSQL application where users can create, update, and delete posts. With the help of the data scientists team, we were able to predict which "subreddit" most fit the post based on the post title and content with an accuracy rate of up to %75.
- Worked with a team of 10 software engineering students (marketing, frontend, backend, data scientists) to develop and deliver a fully working application in one week.

SKILLS

Coding

| Javascript | Typescript | React/Redux | Next.js |

| Node.js | Python | C# | ASP.NET | HTML/CSS | Git |

| MySQL | MongoDB | Data Structures |

Soft Skills

| leadership | Initiative | Accountability |

| Bilingual Communicator |

EDUCATION

Lambda School

Immersive Software Engineering Program

📅 2020 - 2020

- Advanced Web Development
- Back End Development
- Computer Science

Bellevue College

BAS in Applied Accounting

📅 2016 - 2019

GPA

3.5 / 4.0

EXPERIENCE

Team Leader

Lambda School

📅 05/2020 - 12/2020　　📍 Remote

- Overseen and motivated a team of new students (7 -10) with their web development learning journey.
- Helped new students to get familiar with data structures and famous algorithms.

Project Manager

Living Well Kent

📅 02/2016 - 06/2019　　📍 Kent,Wa

- Developed and managed the annual work plans.
- Directed and ensured the completion of all grant deliverables.
- Helped to maintain and improve the organization's website.
